

# Support Squad writing frame

**Dear Support Squad,**

I've just started Year 6. The classes were mixed up and all my best friends are together in one class and I'm in a different class. I don't really know anyone in this class. I'm worried that I won't have anyone to play with and that my friends will forget about me.

My favourite things are being outside and playing sport. I could do with some advice as I'm feeling kind of lonely at the moment.

**Kya**

**Dear Support Squad,**

I've just moved to a new school and a new city! Everything is new and I don't know anyone. I also have a hearing impairment and this can make school more difficult.

I talk to my sisters about it sometimes but they are at secondary school and are really busy. I don't want to bother them or stress my parents out. I love music and drawing but I need some advice!

**Myles**
